You may have heard about C-Corps, S-Corps, and LLCs but may be mystified by B-Corps? Ohio Workers' Compensation Update

2019 Experience Rating Changes for Private Employers

Over the last several months, the Ohio Bureau of Workers' Compensation (BWC) and their actuarial consultants have been reviewing how rates are calculated for private employers in an effort to better match premium with costs.

Based on the actuarial consultants' analysis, the BWC Board of Directors recently approved the following changes in regards to how BWC premium is calculated for private employers effective with the July 1, 2019 rating year:

Maximum claim limit reductions for smaller employers
Experience Modification Rate adjustment factor
Premium Size factor

In light of these changes, we recommend reviewing your 2019 program options closely as now is the time to enroll in these programs. Updates to the BWC premium calculations may impact which BWC program is most advantageous for your organization. Please contact our program administrator, CompManagement, at (800) 825-6755 and ask to speak to a Rate Analyst to learn more about these BWC changes and how they may impact your rates.
