Employers need to decide how they will respond to medical marijuana before the system to recommend and dispense it is fully operational. To give insight into this important decision, we're offering a presentation to:

- Raise awareness of business and operational issues from legalization under Ohio H.B. 523
- Increase understanding of the related drug-free workplace program issues for employers and employees
- Review key decisions that need to be made - particularly relating to policy, operations and employee/supervisor awareness

The content of the presentation is meant for informational purposes only and not for the purpose of providing legal advice. As such, it should not be used as a substitute for consultation with a legal professional or other competent advisors. Please contact a licensed attorney to obtain advice with respect to any legal issue discussed in this presentation or regarding a situation specific to your business.

This activity has been approved for 1.50 credit hours for Ohio Insurance and 1.50 HR (General) recertification credit hours toward aPHR™, PHR®, PHRca®, SPHR®, GPHR®, PHRi™ and SPHRi™ recertification through HR Certification Institute® (HRCI®).
